Does character matter?

Instead of guiding our lives by character & principles & truth we're now guiding it by imagery, how many likes you have, what makes you famous or popular.

EXPLAIN WE ARE ALL BOTH GOOD & BAD

Bring role models closer to home than people they see on the screen.

WATCH OUT FOR THE “WHAT ABOUTS”

This the trick you learned when you were 3 years old to shine the light of responsibility on someone else. Teach them to own their failure & mistake with a light of opportunity to learn & grow.

CLARIFY THE RULES YOU PLAY BY

Teach kids it's not ok to do what's natural all the time & it's not ok to do what everyone else is doing. Let our conscience & principles be the guide.

MODEL PEACE IN LIVING WITH CHARACTER

Have a north star approach & go out & live it. Model the character for our kids.

reflections:

Why does character matter to you?

How will character benefit your kids?

What are your principles & morals you believe in?

What are examples of when you practiced your character in a difficult situation?
